**NO HOLDS BARRED Q&A SESSION WITH EXPERIENCED L&E PRACTITIONERS**

There are some questions you just can't ask attorneys in your own firm; some questions that require a perspective from lawyers in different settings than the ones you know; and some questions you don't even know to ask. This roundtable discussion will be a no-names, no-notes, no-holds-barred opportunity for participants to get straight, objective, no-BS input on career obstacles and opportunities from leading labor and employment practitioners who still remember what it was like to be a junior lawyer. Panelists will include senior associates, partners and in-house counsel.
